

Fire Safety Policy

Policy Statement

We ensure our premises present no risk of fire by ensuring the highest possible standard of fire precautions. A full fire risk assessment of the building has been carried out in accordance with The Regulatory Reform (Fire Safety) Order 2005. The Supervisor and staff are familiar with the current legal requirements.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.3 Keeping safe		3.3 The learning environment 3.4 The wider context	

Procedures

- The basis of fire safety is risk assessment. This has been carried out by a 'competent person'.
- A copy of the fire safety risk assessment that applies to the building is kept in the Pre-School office.
- Fire doors are clearly marked, never obstructed and easily opened from the inside.
- Smoke detectors/alarms and fire fighting appliances conform to BSEN standards, are fitted in appropriate high risk areas of the building and are regularly checked as specified by the manufacturer.
- Our emergency evacuation procedures are:
 - clearly displayed in the premises;
 - explained to new members of staff, volunteers and parents; and
 - practised regularly (at least once a term).
- Records are kept in the Pre-School office of fire drills and the servicing of fire safety equipment (including extinguishers and emergency lighting)]

Legal framework
